

Jazz Pharmaceuticals Announces an Informational Webcast for Investors Related to Vyxeos EU Launch

September 11, 2018

DUBLIN, Sept. 11, 2018 /PRNewswire/ -- Jazz Pharmaceuticals plc (Nasdaq: JAZZ) today announced that the company will host a webcast to provide investors with an overview of the AML treatment landscape in the EU as well as a Vyxeos EU launch overview from the company's executive senior management.

Vyxeos® 44 mg/100 mg powder for concentrate for solution for infusion was approved by the European Commission on August 23, 2018 for the treatment of adults with newly diagnosed, therapy-related acute myeloid leukemia (t-AML) or AML with myelodysplasia-related changes (AML-MRC). Vyxeos is an advanced liposomal formulation that delivers a synergistic molar ratio of daunorubicin and cytarabine.

The live webcast will begin at 11:00 a.m. EDT / 4:00 p.m. IST on September 18, 2018. Interested parties may access the live audio webcast via the Investors section of the Jazz Pharmaceuticals website at <http://www.jazzpharmaceuticals.com>. Please connect to the website prior to the start of the conference call to ensure adequate time for any software downloads that may be necessary to listen to the webcast.

An audio archive of the webcast will be available for at least one week following the presentation on the Investors section of the company's website at <http://www.jazzpharmaceuticals.com>.

About Jazz Pharmaceuticals

Jazz Pharmaceuticals plc (Nasdaq: JAZZ) is an international biopharmaceutical company focused on improving patients' lives by identifying, developing and commercializing meaningful products that address unmet medical needs.
