Jazz Pharmaceuticals, Inc.

Overview

We are a specialty pharmaceutical company that, since our inception, has focused on the development and commercialization of pharmaceutical products to meet important unmet medical needs in neurology and psychiatry. With our JZP-6 product candidate for the treatment of fibromyalgia, for which a new drug application, or NDA, was accepted for filing by the U.S. Food and Drug Administration, or FDA, in February 2010, we expanded our development activities to include rheumatology and pain management. We currently market two products: Xyrem (sodium oxybate) for the treatment of both cataplexy and excessive daytime sleepiness in patients with narcolepsy; and Luvox CR (fluvoxamine maleate) for the treatment of both obsessive compulsive disorder and social anxiety disorder. We are building a portfolio of products through a combination of internal development, acquisition and in-licensing activities, and we utilize our specialty sales force to promote our products in our target markets.

Our marketed products and late-stage product candidate are:

- *Xyrem® (sodium oxybate) oral solution.* Xyrem is the only product approved by the FDA for the treatment of both excessive daytime sleepiness and cataplexy in patients with narcolepsy. Narcolepsy is a chronic neurologic disorder caused by the brain's inability to regulate sleep-wake cycles. We promote Xyrem in the United States for its FDA-approved indications to sleep specialists, neurologists, pulmonologists and psychiatrists through our specialty sales force. We have licensed the rights to commercialize Xyrem in 54 countries outside of the United States to UCB Pharma Limited, or UCB, and in Canada to Valeant Canada Limited, or Valeant. UCB currently markets Xyrem in 14 countries in Europe.
- *Luvox CR® (fluvoxamine maleate) Extended-Release Capsules.* Once-daily Luvox CR was approved by the FDA for the treatment of both obsessive compulsive disorder and social anxiety disorder in February 2008. We began promoting Luvox CR through our specialty sales force in April 2008. Luvox CR was developed by Solvay Pharmaceuticals, Inc., or Solvay, in collaboration with Elan Pharma International Limited, or Elan. We obtained the exclusive rights to market and distribute Luvox CR in the United States from Solvay in January 2007. Solvay retained the rights to market and distribute Luvox CR outside of the United States.
- *JZP-6 (sodium oxybate).* We are developing sodium oxybate, the active pharmaceutical ingredient in Xyrem, for the treatment of fibromyalgia. Our NDA for JZP-6 was accepted for filing by the FDA in February 2010. If our NDA is approved by the FDA, we expect to market JZP-6 in the United States to physicians who treat fibromyalgia patients, through an expanded specialty sales force and/or in partnership with third parties. We have licensed to UCB the commercialization rights to JZP-6 in 54 countries outside of the United States in exchange for development funding, commercial milestones and royalties.

Our other product candidates in clinical development are oral tablet forms of sodium oxybate; JZP-8 (intranasal clonazepam), being developed for the treatment of recurrent acute repetitive seizures in epilepsy patients who continue to have seizures while on stable anti-epileptic regimens; JZP-4 (elpetrigine), being developed for the treatment of epilepsy and bipolar disorder; and JZP-7 (ropinirole gel), being developed for the treatment of restless legs syndrome. We are actively seeking development partners for JZP-4, JZP-7 and JZP-8, and we do not anticipate significant spending on these programs in the near term until we obtain a partner or otherwise obtain additional funding.

The Offering

The selling stockholders named in this prospectus may offer and sell up to 562,192 shares of our common stock, which shares of common stock are issuable upon the exercise of outstanding warrants. These shares will become eligible for sale by the selling stockholders under this prospectus only as the warrants are exercised. Our common stock is currently listed on The NASDAQ Global Market under the symbol "JAZZ." Shares of common stock that may be offered in this offering, when issued and paid for upon exercise in accordance with the terms of the warrants, will be fully paid and non-assessable. We will not receive any of the proceeds of sales by the selling stockholders of any of the common stock covered by this prospectus. Throughout this prospectus, when we refer to the shares of our common stock being registered on behalf of the selling stockholders, we are referring to the shares underlying the warrants issued to the selling stockholders pursuant to a senior secured note and warrant purchase agreement that we and JPI Commercial, LLC, our wholly-owned subsidiary, entered into with the selling stockholders and certain other purchasers on March 14, 2008, as amended, or the Senior Note Agreement. In addition, when we refer to the selling stockholders throughout this prospectus, we are referring to the purchasers of \$40.0 million aggregate principal amount of senior secured notes due June 24, 2011, or the Senior Notes, and the related warrants to purchase 562,192 shares of our common stock under the Senior Note Agreement and, as applicable, any donees, pledgees, transferees or other successors-in-interest selling shares received after the date of this prospectus from a selling stockholder as a gift, pledge, or other non-sale related transfer.

USE OF PROCEEDS

The selling stockholders will receive all of the net proceeds from sales of the common stock sold pursuant to this prospectus. The shares covered by this prospectus are issuable upon exercise of warrants to purchase up to 562,192 shares of our common stock issued pursuant to a senior secured note and warrant purchase agreement described below under the heading “Selling Stockholders”. Upon exercise of the warrants for cash, the selling stockholders would pay us an exercise price of \$9.34 per share of common stock, subject to any adjustment pursuant to the terms of the warrants, or an aggregate of approximately \$5.25 million if the warrants are exercised in full for cash. The proceeds to us of such warrant exercises, if any, are expected to be used for working capital and general corporate purposes. The warrants are also exercisable on a cashless basis, and if the warrants are exercised on a cashless basis, we would not receive any cash payment from the selling stockholders upon any such exercise of the warrants.

SELLING STOCKHOLDERS

On March 14, 2008, we and JPI Commercial, LLC, or JPIC, our wholly-owned subsidiary, entered into the Senior Note Agreement among the purchasers named therein, us and JPIC, as well as certain related agreements. Under the terms of the Senior Note Agreement, JPIC issued and sold to the selling stockholders \$40.0 million in aggregate principal amount of Senior Notes and we issued warrants to the selling stockholders to purchase 562,192 shares of our common stock on March 17, 2008. In connection with the sale and issuance of Senior Notes and warrants pursuant to the Senior Note Agreement, a total of \$80.0 million in aggregate principal amount of outstanding senior secured notes of Orphan Medical, LLC, or Orphan Medical, our wholly-owned subsidiary, were exchanged by the holders of such senior secured notes for the same principal amount of new Senior Notes under the Senior Note Agreement. In connection with the transaction, we also entered into a registration rights agreement with the selling stockholders pursuant to which we agreed to file a registration statement to cover the resale of the shares underlying the warrants issued to the selling stockholders pursuant to the Senior Note Agreement.

Each warrant that was issued pursuant to the Senior Note Agreement is exercisable in whole or in part at any time until March 17, 2013 and carries an exercise price of \$9.34 per share. The exercise price and number of shares of common stock issuable upon exercise of the warrants may be adjusted in certain circumstances, including subdivisions and stock splits, stock dividends, reorganizations, reclassifications, consolidations, mergers or sales of assets and upon the issuance of certain assets or securities to holders of our common stock, as applicable. The warrants may be exercised for cash or on a cashless basis, in which case we will deliver, upon exercise, the number of shares with respect to which the warrant is being exercised reduced by a number of shares having a value (based on a five day average of the closing sales price of our common stock) equal to the aggregate exercise price of the shares with respect to which the warrant is being exercised.

In November 2009, we entered into an amendment and waiver agreement pursuant to which the holders of the Senior Notes issued pursuant to the Senior Note Agreement waived certain prior events of default under the Senior Note Agreement and the other agreements related thereto, and pursuant to which, among other things, the exercise price of the warrants that we issued to the selling stockholders pursuant to the Senior Note Agreement was reduced from \$14.23 to \$9.34 per share, and certain of our registration obligations with respect to these warrants were amended. Pursuant to the registration rights agreement, as amended, we agreed to file the registration statement, of which this prospectus is a part, to cover the resale of the shares underlying the warrants issued to the selling stockholders pursuant to the Senior Note Agreement and to keep such registration statement continuously effective until the earlier of (i) the date on which all of the shares covered by this prospectus have been sold pursuant to the registration statement of which this prospectus is a part or (ii) one year from the date the registration statement of which this prospectus is a part was declared effective by the SEC on December 31, 2009, provided that such one year period is subject to extension for the number of days that the effectiveness of the registration statement of which this prospectus is a part is suspended.

We are registering the above-referenced shares to permit each of the selling stockholders and their donees, pledgees, transferees or other successors-in-interest that receive their shares after the date of this prospectus to resell or otherwise dispose of the shares in the manner contemplated under "Plan of Distribution" in this prospectus (as supplemented and amended). This prospectus covers the sale or other disposition by the selling stockholders or their transferees of up to the total number of shares of common stock issuable upon exercise of the warrants issued to the selling stockholders pursuant to the Senior Note Agreement. Throughout this prospectus, when we refer to the shares of our common stock being registered on behalf of the selling stockholders, we are referring to the shares underlying the warrants issued to the selling stockholders pursuant to the Senior Note Agreement, and when we refer to the selling stockholders in this prospectus, we are referring to the purchasers of \$40.0 million aggregate principal amount of Senior Notes and the related warrants to purchase 562,192 shares of our common stock under the Senior Note Agreement and, as applicable, any donees, pledgees, transferees or other successors-in-interest selling shares received after the date of this prospectus from a selling stockholder as a gift, pledge, or other non-sale related transfer.

The following table sets forth the name of each selling stockholder, the number of shares beneficially owned by the selling stockholders and issuable to the selling stockholders upon a cash exercise of the warrants, the number of shares that may be offered under this prospectus and the number of shares of our common stock beneficially owned by the selling stockholders assuming all of the shares covered hereby are sold. The number of shares in the column "Number of Shares of Common Stock Being Offered" represents all of the shares that a selling stockholder may offer under this prospectus. The selling stockholders may sell some, all or none of their shares. We do not know how long the selling stockholders will hold the shares before selling them, and we currently have no agreements, arrangements or understandings with the selling stockholders regarding the sale or other disposition of any of the shares. The shares covered hereby may be offered from time to time by the selling stockholders.

Table of Contents

The information set forth below is based upon information obtained from the selling stockholders and upon information in our possession regarding the issuance of the warrants to the selling stockholders pursuant to the Senior Note Agreement. For purposes of the table below, we have assumed that the selling stockholders exercised the warrants in full pursuant to a cash exercise. The information regarding shares to be beneficially owned after the offering assumes the sale of all shares offered by the selling stockholders under this prospectus. The percentage of shares owned prior to and after the offering is based both on 31,535,888 shares of our common stock outstanding as of March 17, 2010, and on the assumption that all shares of common stock issuable upon exercise of the warrants held by a particular selling stockholder are outstanding as of that date. All share and per share amounts have been adjusted to give effect to the 1-for-11.06701 reverse stock split of our common stock and preferred stock effected on May 15, 2007.

LB I Group was at one time a wholly-owned subsidiary of Lehman Brothers Inc., which is a registered broker-dealer, and is currently a wholly-owned subsidiary of Lehman ALI Inc., which in turn is a wholly-owned subsidiary of Lehman Brothers Holdings Inc. LB I Group has represented to us that it is not acting as an underwriter in this offering, it purchased the warrants in the ordinary course of business, and it has no agreements or understandings, and at the time of the purchase of the warrants it had no agreements or understandings, directly or indirectly, with any person to distribute the warrants or the shares of common stock issuable upon exercise of the warrants it is offering under this prospectus. Lehman Brothers Holdings Inc., a public reporting company, is the parent company of Lehman Brothers Inc. Commencing on September 15, 2008, Lehman Brothers Holdings Inc. and certain of its affiliates commenced cases under Bankruptcy Code. A trustee appointed under SIPA is administering the estate of Lehman Brothers Inc.

As noted in the footnotes to the table above, LB I Group has represented to us that the above-referenced shares and warrants are currently in the possession of Lehman Brothers Inc., which does not have voting or investment power with respect to such shares and warrants. A customer claim in Lehman Brothers Inc.'s SIPA proceeding with respect to such shares and warrants, but it remains unknown whether all or a portion of the shares or warrants will ultimately be distributed to LB I Group or its affiliates on account of such claim. It is possible that the shares or warrants will be sold or otherwise distributed to third parties by the SIPA trustee in accordance with SIPA and orders of the United States Bankruptcy Court for the Southern District of New York. It is also possible that any shares or warrants returned by Lehman Brothers Inc. to LB I Group or its affiliates could be transferred to claimants in connection with one or more plans of Lehman Brothers Holdings Inc. or its debtor affiliates pursuant to the Bankruptcy Code.

With the exception of the foregoing, LB I Group has not had any position, office or other material relationship with us or our affiliates in the past three years.

PLAN OF DISTRIBUTION

We are registering 562,192 shares of common stock under this prospectus issuable upon exercise of the warrants to permit the resale of these shares of common stock by the holders thereof from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling stockholders of the shares of common stock. We will bear all fees and expenses incident to our obligation to register the shares of common stock.

The selling stockholders may decide not to sell any shares. The shares may be sold by the selling stockholders and their donees, pledgees, transferees or other successors-in-interest directly or through broker-dealers acting as a principal or agent, or pursuant to a distribution by one or more underwriters on a firm commitment or best-efforts basis. The selling stockholders may from time to time offer some or all of the shares of common stock through brokers, dealers or agents who may receive compensation in the form of discounts, concessions or commissions from the selling stockholders and/or the purchasers of the shares of common stock for whom they may act as agent. In effecting sales, broker-dealers that are engaged by the selling stockholders may arrange for other broker-dealers to participate. The selling stockholders may be “underwriters” within the meaning of the Securities Act. Any brokers, dealers or agents who participate in the distribution of the shares of common stock may also be deemed to be “underwriters,” and any profits on the sale of the shares of common stock by them and any discounts, commissions or concessions received by any such brokers, dealers or agents may be deemed to be underwriting discounts or commissions under the Securities Act. A selling stockholder may effect resales of our common stock through any one or more registered broker-dealers.

The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made over the NASDAQ Global Market, in the over-the-counter market, or on any other national securities exchange on which our shares are listed or traded or in transactions otherwise than on these exchanges or systems, or in a combination of such methods of sale, at then prevailing market prices, at prices related to prevailing market prices or at negotiated prices. The shares of common stock may be sold according to one or more of the following methods:

- a block trade in which the broker or dealer so engaged will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- through purchases by a broker or dealer as principal and resale by such broker or dealer for its account pursuant to this prospectus;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- in an exchange distribution in accordance with the rules of the applicable exchange;
- in privately negotiated transactions;
- in underwritten transactions;
- through the settlement of short sales;
- through the writing or settlement of options or other hedging transactions, whether such options are listed on an options exchange or otherwise;
- where broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- a combination of such methods of sale; and
- any other method permitted pursuant to applicable law.

Any shares covered by this prospectus may be sold in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than pursuant to this prospectus, provided that the selling stockholders meet the criteria and conform to the requirements of those provisions. In addition, the selling stockholders may transfer the shares by other means not described in this prospectus.

In connection with distributions of the shares of common stock or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our common stock in the course of hedging the positions they assume with the selling stockholders. The selling stockholders may also sell the common stock short and if such short sale shall take place after the date that the registration statement of which this prospectus is a part is declared effective by the SEC, the selling stockholders may deliver shares of common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also enter into options or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The selling stockholders may also pledge shares to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution may effect sales of the pledged shares pursuant to this prospectus (as supplemented or amended to reflect such transaction).

Table of Contents

Any broker-dealer participating in such transactions as underwriter or agent may receive commissions from a selling stockholder and may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from purchasers of the offered shares for whom they may act as agents. In addition, underwriters may sell the shares to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Broker-dealers may agree with a selling stockholder to sell a specified number of shares at a stipulated price per share, and, to the extent such a broker-dealer is unable to do so acting as agent for the selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may thereafter resell such shares from time to time in transactions (which may involve crosses and block transactions and which may involve sales to and through other broker-dealers, including transactions of the nature described above) on the NASDAQ Global Market, on the over-the-counter market, in privately-negotiated transactions or otherwise at market prices prevailing at the time of sale or at negotiated prices, and in connection with such resales may pay to or receive from the purchasers of such shares commissions computed as described above. To the extent required under the Securities Act, an amendment to this prospectus, or a supplemental prospectus will be filed, disclosing:

- the name of any such broker-dealers;
- the number of shares involved;
- the price at which such shares are to be sold;
- the commission paid or discounts or concessions allowed to such broker-dealers, where applicable;
- that such broker-dealers did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, as supplemented; and
- other facts material to the transaction.

In order to comply with the securities laws of some states, if applicable, the shares must be sold in those states only through registered or licensed brokers or dealers. In addition, some states may restrict the selling stockholders from selling their shares unless the shares have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Underwriters and purchasers that are deemed underwriters under the Securities Act may engage in transactions that stabilize, maintain or otherwise affect the price of the securities, including the entry of stabilizing bids or syndicate covering transactions, short sales or the imposition of penalty bids. The selling stockholders and any other persons participating in the sale or distribution of the shares will be subject to the applicable provisions of the Exchange Act and the rules and regulations thereunder including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of, purchases and sales of any of the shares of common stock set forth in this prospectus by the selling stockholders or other persons or entities. Regulation M may restrict the ability of any person engaged in the distribution of the securities to engage in market-making and certain other activities with respect to those securities. In addition, the anti-manipulation rules under the Exchange Act may apply to sales of the securities in the market. All of these limitations may affect the marketability of the shares and the ability of any person to engage in market-making activities with respect to the securities.

The selling stockholders may transfer the shares of common stock in certain circumstances, in which case the transferees or other successors in interest will be the selling stockholders for purposes of this prospectus. We will file a prospectus supplement naming the new selling stockholders if the shares are transferred.

We will make copies of this prospectus available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. We have agreed to pay the expenses of registering the shares of common stock under the Securities Act, including registration and filing fees, printing expenses, administrative expenses and certain legal and accounting fees, as well as certain fees of counsel for the selling stockholders incurred in the preparation of the registration statement, of which this prospectus is a part. The selling stockholders will bear all discounts, commissions or other amounts payable to underwriters, dealers or agents, if any.

Under the terms of the registration rights agreement, we have agreed to indemnify the selling stockholders and certain other persons against certain liabilities in connection with the offering of the shares of common stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute toward amounts required to be paid in respect of such liabilities.

At any time a particular offer of the shares of common stock is made, a revised prospectus or prospectus supplement, if required, will be distributed. Such prospectus supplement or post-effective amendment will be filed with the SEC, to reflect the disclosure of required additional information with respect to the distribution of the shares of common stock.

We have agreed with the selling stockholders to use our reasonable best efforts to cause the registration statement of which this prospectus is a part to remain continuously effective until the earlier of (i) the date on which all of the shares covered by this prospectus have been sold pursuant to the registration statement of which this prospectus is a part or (ii) one year from the date the registration statement of which this prospectus is a part was declared effective by the SEC on December 31, 2009, provided that such one year period is subject to extension for the number of days that the effectiveness of the registration statement of which this prospectus is a part is suspended.

Once sold under the registration statement, of which this prospectus is a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

Item 15. Indemnification of Directors and Officers.

The registrant's amended and restated certificate of incorporation contains provisions permitted under Delaware law relating to the liability of directors. These provisions eliminate a director's personal liability for monetary damages resulting from a breach of fiduciary duty, except in circumstances involving wrongful acts, such as:

- any breach of the director's duty of loyalty to the registrant or its stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of the law;
- any act related to unlawful stock repurchases, redemptions or other distribution or payments of dividends; or
- any transaction from which the director derived an improper personal benefit.

These provisions do not limit or eliminate the registrant's rights or any stockholder's rights to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director's fiduciary duty. These provisions will not alter a director's liability under federal securities laws.

As permitted by Section 145 of the Delaware General Corporation Law, or DGCL, the registrant's amended and restated bylaws require the registrant to indemnify its directors and officers to the fullest extent not prohibited by the DGCL or any other applicable law. The registrant may modify the extent of such indemnification by individual contracts with the registrant's directors and officers. Further, the registrant may decline to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person, unless such indemnification is expressly required to be made by law, the proceeding was authorized by the registrant's Board of Directors, such indemnification is provided by the registrant, in its sole discretion, pursuant to the powers vested in the registrant under the DGCL or any other applicable law, or otherwise required under the registrant's amended and restated bylaws.

The registrant has entered into indemnity agreements with each of its directors, executive officers and vice presidents that require it to indemnify such persons against any and all expenses (including attorneys' fees), witness fees, judgments, fines, settlements and other amounts incurred (including expenses of a derivative action) in connection with any action, suit or proceeding or alternative dispute resolution mechanism, inquiry hearing or investigation, whether threatened, pending or completed, to which any such person may be made a party by reason of the fact that such person is or was a director, an officer or an employee of the registrant or any of its affiliated enterprises, provided that such person's conduct did not constitute a breach of his or her duty of loyalty to the registrant or its stockholders, and was not an act or omission not in good faith or which involved intentional misconduct or a knowing violation of laws. The indemnity agreements also set forth certain procedures that will apply in the event of a claim for indemnification thereunder. The indemnity agreements with certain of the registrant's directors further provide that, with respect to a director that is serving on the registrant's Board of Directors at the direction of a venture or other investment fund or entity, with respect to such indemnitee's service as a director, officer, employee, agent and/or fiduciary of the registrant, the registrant's obligations under the indemnity agreement are the primary source of indemnification and advancement, the registrant is required to make all expense advances, and the registrant is liable for all of such indemnitee's expenses, to the extent required by the indemnity agreement, the registrant's amended and restated certificate of incorporation and amended and restated bylaws, without regard to any rights the indemnitee may have against the applicable venture or other investment fund or entity, and the registrant irrevocably waives, relinquishes and releases any and all claims against the applicable venture or other investment fund or entity for contribution, subrogation or any other recovery of any kind in connection with the registrant's obligations under the indemnity agreement. At present, there is no pending litigation or proceeding involving any of the registrant's directors, officers or employees for which indemnification is sought, nor is the registrant aware of any threatened litigation that may result in claims for indemnification by the registrant.

[Table of Contents](#)

The registrant has the power to indemnify its other employees and other agents, as permitted by the DGCL or any other applicable law, but the registrant is not required to do so.

The registrant maintains directors' and officers' liability insurance. The policy insures the registrant's directors and officers against unindemnified losses arising from certain wrongful acts in their capacities as directors and officers and reimburses the registrant for those losses for which the registrant has lawfully indemnified the directors and officers. The policy contains various exclusions, none of which apply to any offerings pursuant to this registration statement.

The amended and restated investor rights agreement between the registrant and certain investors provides for cross-indemnification in connection with registration of the registrant's common stock on behalf of such investors. In March 2008, the registrant also entered into a registration rights agreement with the purchasers of \$40.0 million of senior secured notes that provides for cross-indemnification in connection with registration of the registrant's common stock underlying warrants on behalf of such purchasers. The common stock purchase agreement and the registration rights agreement the registrant entered into with Kingsbridge Capital Limited in May 2008 provides for cross-indemnification in connection with the registration of the registrant's common stock on behalf of Kingsbridge and the entering into of the transactions contemplated by the common stock purchase agreement and the registration rights agreement. In addition, the investor rights agreement the registrant entered into with certain investors affiliated with Longitude Capital Partners, LLC in July 2009 provides for cross-indemnification in connection with registration of the registrant's common stock on behalf of such investors.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
